Director  
Central Intelligence Agency  
Washington 25, D. C.

Dear Mr. Dulles:

The first meeting of the Panel on the Impact of Peaceful Uses of Atomic Energy is scheduled for July 7. This Panel has been created by the Joint Committee for the purpose of studying the probable economic, social, political, and international effects of future application of atomic energy to peaceful ends.

It is essential that the members of the Panel, all of whom have clearance for access to Restricted Data, receive an overall picture of the character and extent of peaceful atomic activities in the other nations of the world as well as an estimate of the potential capabilities of other nations in this area of endeavor. I feel sure that your organization would be able to give the Panel members a briefing on this aspect of their problems and would sincerely appreciate your assistance.

A member of the Joint Committee staff, Mr. Walter Hamilton, is acting as Secretary to the Panel and is available to assist your staff on questions about the type and length of the briefing and its time and location.

Sincerely yours,

Clinton P. Anderson  
Chairman
